Label: Breakin' Records
Style: Electrofunk
Artist: Edmx
Title: Quantised universe ep
Cat. Number: Brk53
Origin: UK
Format: 12"
Release Date: 7th July 2008
Price: £3.19

Sales Points:

- First EP on Breakin' from label boss Ed under his EDMX alias since his 2003 MPC Trax 12" with Disco D.
- Killer 6-tracker of pacey electro-funk.

Additional Information:

Breakin' boss **Ed DMX** supplies six tracks of **freaked-out modular synth madness** mangled through the Macintosh into some **weird high-velocity electrofunk**.

EDMX is Ed's alias for the more hard and fast stuff, these tracks are **experimental** but with lots of **sub-bass** and **high tempo beats** with **unusual grooves**.

EDMX can be seen performing around the world, recently played in Japan with Breakin' artists **Ceephax Acid Crew** and also appeared this year at the Bang Face weekender, the Bloc Weekend party and will continue to play out globally throughout the summer.

Tracklisting: [Full mp3 playlist](#)
